

Shipley Manor, Millcroft, Foulk Manor South, Assisted Living Renovations

Wilmington, DE

The practicality and durability of a hospital facility, wrapped in the comforts of a luxury home, the Five Star Quality Care Assisted Living facilities located in the Delaware Valley, meet the needs of hundreds of residents. SC&A has been able to meet the needs of these residents and the facilities' owners by providing quality construction, managed professionally and conducted with the safety of the residents in mind at all times. Our experience working in occupied facilities of all types allows us to partner with owners to prepare for issues of timing and safety before they are allowed to arise.

Foulk Manor South - 8,792 square feet of renovations and upgrades in the Healthcare and Independent Living and Alzheimer's wings to the dining area, beauty shoppe, bathing room, nurses station and resident hallways.

Shipley Manor - 16,800 square feet of renovations and upgrades in the Healthcare and Independent Living wings to the Lobby, service corridor, library, sitting room, resident hallways and resident lounge.

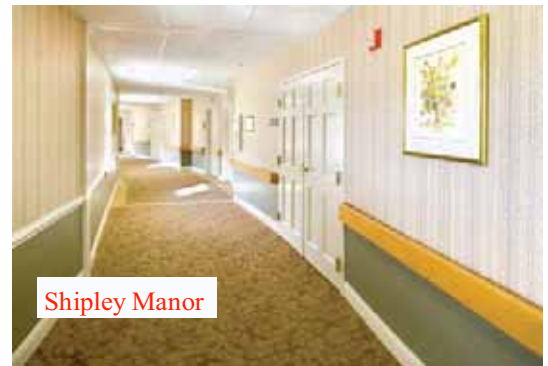

Millcroft - 10,588 square feet of renovations and upgrades to the living room, game room, nurses station, dining room and resident hallways.
